## Overview >

### Efficient card and ID scanning.

The ImageScan Pro 687ix is a rugged duplex card scanner. It can scan both sides of an ID in about 3 seconds. Because it's USB-powered, you'll never need to search for an outlet. And at just under one pound and about 8" long, it fits on any crowded desk, registration area or mobile cart.

### Complete Solution.

The included AmbirScan Lite capture software is not only easy to use, it's productive too! Save your scanned documents as PDF, TIF or JPG and automatically save them to any folder on your computer or popular cloud services including: Box, DropBox, Evernote and Google Drive.

### Handles cards of all kinds.

Patient IDs. Insurance cards. Driver's licenses. New business leads. The ImageScan Pro 687ix handles them with ease. Professional-grade hardware and advanced image processing captures clear images of everything in seconds – even cards with raised characters.

### Easy to maintain.

Scanner maintenance is important to high quality images. The unique design with flip open top allows for thorough easy cleaning of the transport area making this scanner ideal for use in dusty or harsh environments. All ImageScan Pro 687ix scanners are factory

### Outstanding image quality.

Built-in automatic image enhancement insures high quality images, fewer rescans and high OCR accuracy.

### Compatible.

The ImageScan Pro 687ix TWAIN driver ensures compatibility with thousands of healthcare and other applications that support TWAIN scanning. Citrix Ready insures no hassle installation and use in Citrix environments.

## Features >

**Ultra-Compact Footprint** – At about the size of a stapler, the ImageScan Pro 687ix takes up far less space than ADF or flatbed scanners. That makes it perfect for crowded desks and mobile users.

**Built In Automatic Image Enhancement** -Automatic image enhancement ensures high quality images, fewer rescans and high OCR accuracy making this one of the most productive sheet fed scanners on the market!

**Easy to maintain** - The flip open top makes the scanner easy to clean and insures accurate images and worry free paper feeding.

**Kensington™ lock slot** - An industry standard Kensington lock slot lets you easily secure the scanner to your work surface to prevent theft and accidental drops.

**Digital Serialization** – Each scanner has its serial number electronically stored in scanner memory. This aids document traceability and inventory management.

**USB-Powered** – Because it's powered by your computer's USB port, you'll never search for an outlet or carry a bulky AC adapter again.

**Superior Media Handling** – Scans both sides of everything from embossed ID cards up to 4.13" x 10" documents without changing settings or flipping documents.

**Selectable Eject Mode** – Cards and documents are scanned and ejected at the front of the scanner. No more

calibrated and require no calibration when installed to insure excellent image quality right out of the box.

reaching around the back of the scanner.

**TWAIN Drivers** – The included TWAIN driver ensures compatibility with thousands of software applications and hardware systems.

**Citrix Ready** – Seamless installation and use with Citrix XenApp and XenDesktop.

**Professional-Grade Quality** – Durable and reliable for commercial applications like hospitals, medical offices, banks, trucks, manufacturing, loading docks and busy points of sale.

**Straight-to-PDF Scanning** – With included AmbirScan Lite capture software, users can scan directly to industry-standard PDF format and save to any folder on your PC, network or popular cloud services including: Box, DropBox, Evernote and Google Drive.
